## WORK HISTORY

### GRAPHIC DESIGNER

*Quotable Cards*

*August 2022 - present*

- Design branded marketing collateral such as catalogs, advertisements, sell sheets, presentations, and signage using Adobe Creative Cloud.
- Manage website updates including banners, imagery, product pages, and applications through Shopify.
- Create, write, code, and schedule branded content for B2C and B2B email lists using Mailchimp.
- Create international catalogs biannually, requiring careful proofreading and organizational skills.
- Generate high quality print-ready product files using Adobe Photoshop and InDesign.
- Photograph and edit images in Adobe Photoshop.
- Liaise with oversea vendors on product development.
- Prepare diagrams, infographics, and floor plans for trade shows using Adobe Indesign.
- Streamline design processes for increased efficiency and faster project turnaround times.

### GRAPHIC DESIGNER

*Innovations in Wallcoverings, Inc.*

*October 2020 - July 2022*

- Create print collateral such as catalogs, postcards, and invitations using Adobe Creative Suite.
- Create digital collateral such as newsletters, press releases, web pages, email signatures, and social media graphics using Adobe Creative Suite.
- Lead designer for marketing email campaigns.
- Assist the marketing director in organizing photoshoots for each collection.
- Color correct and retouch imagery to most accurately depict product texture and color.
- Dictate creative direction of each collection through color, images, typography, and layout for all materials.

### ASSISTANT MANAGER

*Java Studios*

*June 2019 - October 2020*

- Photograph artist exhibits and events using DSLR cameras.
- Direct video shoots and oversee post-production for promotional materials.
- Principal scheduler and coordinator overseeing appointments, calendar management, and email correspondence at the executive level.
